As stated in the Principal's Report last term Coolah Central School will be trialling a new way of communicating with parents starting this week. We will be using the Skoolbag App which will enable communication to be targeted to specific classes or year groups. This will include notices re: any extra-curricular activities, including swimming. Homework and general notices will also be posted on the app. We hope that this will provide more timely and relevant information for all parents and caregivers. We know many pre-school parents are already familiar with this. If anyone requires support with the app, our office staff are more than happy to assist. We also encourage parents to make suggestions as to what other information could be included on the app. The plan is for day-to-day communication to be through this app. Celebratory Newsletters outlining the successes of our students will be published in weeks 3, 6 and 9 each term.
